A sleek and ergonomically designed unit that delivers more oxygen per pound than other units in its class.
The X-PLO₂R™, manufactured by Belluscura® in the U.S.A., is a sleek and ergonomically designed unit that delivers more oxygen per pound than other units in its class. It weighs only 3.25 pounds; light enough to easily transport anywhere.

Breath-detection technology delivers oxygen when you breathe in, and the unit will notify you if no breath is detected. Lightweight and compact, X-PLO₂R encourages you to live your life in motion by providing innovative oxygen enrichment technology in a small package that's capable of delivering between 200-800 ml of oxygen per minute.

An 8-cell battery provides up to 5 hours of battery life, so you can still participate in your favorite activities. The noise output is less than 39 dB(A), comparable to other devices on the market. It even allows you to easily charge the unit on or off the device without additional accessories.

With X-PLO₂R, you can use your unit freely while charging a backup battery at the same time. User-replaceable cartridges make maintenance hassle-free, with no need to send your device back to your oxygen provider.

X-PLO₂R
Portable Oxygen Concentrator
X-PLO₂R is FAA approved and FDA cleared, meaning it is just as safe and easy to travel with as it is reliable!
The X-PLO₂R portable oxygen concentrator offers a lightweight and compact solution designed for you to live your life without ever missing a moment. X-PLO₂R encourages you to go wherever you want by delivering the oxygen you need while providing long-lasting battery life. That means no matter what, you can always count on being there.

BE THERE OR BE SQUARE.

- **LIGHTWEIGHT**
  Weighs only 3.25 pounds (1.45kg) with battery

- **COMPACT**
  Small and discreet. Ultra Rapid Swing Adsorption Technology and Advanced Zeolite Technology reduce the size and weight of the unit without compromising on high oxygen output.

- **QUIET**
  Less than 39 decibels

- **USER-FRIENDLY**
  User-replaceable oxygen enrichment cartridge and direct-charge batteries

- **MULTIPLE FLOW SETTINGS**
  4 pulse flow oxygen settings deliver 200-800 mL per minute

- **LONG-LASTING BATTERY**
  Up to 5 hours with 8-cell battery

**NOTABLE X-PLO₂R FEATURES**

**X-PLQR SPECS**

**Portable Oxygen Concentrator**

**SPECIFICATIONS**

**WEIGHT OF UNIT:**
- Without battery: 2.5 lbs
- With 4-cell battery: 3.25 lbs
- With 8-cell battery: 3.75 lbs

**WARM-UP TIME:**
Less than 2 minutes

**FLOW CONTROL SETTINGS:**
1-4 Pulse Settings

**OXYGEN OUTPUT:**
200-800 mL/min

**BREATH RATE:**
15-40 breaths per minute

**INHALATION TRIGGER PRESSURE:**
< -0.2 cm H2O

**MAXIMUM OUTLET PRESSURE:**
10 psig (41.37 kPa)

**SOUND:**
< 39 dB(A) at Level 2

**POWER:**
- **AC POWER SUPPLY**
  - Input: 100 to 240 VAC; 50 to 60Hz
  - Input: 15V
- **DC POWER SUPPLY**
  - Input: 100 to 240 VAC; 50 to 60Hz
  - Input: 15V

**DIMENSIONS:**

**ENVIRONMENTAL RANGES INTENDED FOR SHIPPING AND STORAGE:**
- **Temperature:** 41 to 95˚F (5 to 35˚C)
- **Humidity:** 5% to 85%, non-condensing
- **Altitude:** 0 to 10,000 ft (0 to 3048 meters)
- **Atmospheric pressure:** 700 to 1060 mbar

**ENVIRONMENTAL RANGES INTENDED FOR USE:**
- **Temperature:** 32 to 140˚F (0 to 60˚C)
- **Humidity:** 0% to 95%, non-condensing

(Store in a dry environment)

**BATTERY DURATION:**
- Up to 2.5 hours with 4-cell battery
- Up to 5 hours with 8-cell battery

**BATTERY CHARGING TIME:**
- Up to 5 hours for a 4-cell battery
- Up to 6 hours for an 8-cell battery

**OXYGEN PURITY:**
82% to 92% at all flow settings
