1 Turn off the X-PLO₂R™ by pressing the power button for 2 seconds.

2 Remove the X-PLO₂R from the carrying bag, if applicable.

3 Remove the battery from the X-PLO₂R.

4 Place the X-PLO₂R on its side to access the underside of the POC.

**5** Pull the cartridge out of the POC by pulling on the cartridge pull handle.

6 Remove the cartridge completely from the X-PLO₂R and throw away.

Dust Cap

1 Remove cartridge from mylar bag. The new cartridge has a dust cap on top. Remove the dust cap. Make sure there is no dust or debris where the dust cap was located.

2 Insert new cartridge top first into the X-PLO₂R. Do not leave the cartridge ends exposed; the cartridge should be inserted into the X-PLO₂R as soon as the used cartridge is removed.

3 Push the cartridge into the X-PLO₂R so it is fully inside.

4 The cartridge pull handle should lay flat once the cartridge is secured.

5 Connect charged battery to the X-PLO₂R.

6 Turn on the X-PLO₂R by pressing the power button for 2 seconds. Set the flow setting to your prescribed setting and use normally.
